2013	Q3: Rockford Housing Authority is submitting a Choice Neighborhoods Implementation grant this fall. Although they have interest in this property, the property may not be transferred until an end use has been identified. Only \$75.00 of CDBG funds were used to acquire this vacant lot and was for soft costs only. The City has maintained this property since it acquired the property eliminating the blighting influence of this tax foreclosure. As of the remediation date of 9/3/13, the property has not been sold. Therefore, the City has maintained the activity by moving the \$75 to IDIS #2543.

If the land acquisition cannot be achieved by early 2012, the construction timeframe could be shifted to 2013/2014.	
2012	Properties were acquired as part of a very large, long-term comprehensive redevelopment effort that serves the City's neighborhoods west of downtown. This property was acquired at tax auction. To date, the city has made improvements to infrastructure including the water main, sanitary sewers, and relocation of overhead utility lines and has therefore met the national objective of LMA. The service area and proposed use will be documented in IDIS. The remaining work, which includes road improvements and a new linear park will be completed in two phases. Phase I is expected to be completed by December 2013.	
2013	Q1: This project was completed; utilities installed in 2012 with final reporting in 2013. The roadwork is expected to be completed by December, 2013 with the linear park to follow as the final phase of the total Corridor project.
